

Instructions

Name: _____

1. **Pick a Habitat**
2. **Fill a page (front and back) with drawings** of plants, animals, & insects from that habitat.
3. **Draw lines between things that are linked.** For example, in a wetland habitat you could draw a Northern Leopard Frog and link it to a Whirligig Beetle (it's food source), a green heron (what it gets eaten by), and bulrushes (where it hides from predators).
4. **Bring your drawing with you** when you visit the gallery to make your clay artwork.

Habitat: _____
